2 9/e Beacon St. Oct. 25th

My dear D Gray,

I have a promise from D Carpenter that he will be my guest. William Story has also promised me that he will come if he can. So if you can bring Spencer to stay nothing of Li Richard we shall be only too rich in celebrities

I attended D Campbell's
first Lecture and spoke with
him after it. I also met him
last evening and had some
condensed talk with him — that
is a few words on several subjects
on which I hope to listen to —
perhaps talk a little to him
hereafter more at leisure.

Always truly Yours
O. W. Holmes.

I cannot very well be at
Cambridge tomorrow to my regret.
